Dear Mr Akhtar,

Further to our recent discussions and the demonstration of your product I am pleased to inform you that the Doncaster Licensing Authority approve the fitting of CabSafe security screens in our licensed private hire vehicles.

The screen must be properly, professionally and securely fitted and would become a part of the vehicle testing regime. It must not be fitted in any way which impedes the movement or vision of the driver.

Consideration should be given to any modification of the vehicle structure being notified to the owners insurance company.

Any arrangements between your company and any Doncaster licensed vehicle will be strictly a private transaction.

This approval should not be considered an endorsement or recommendation of your product or company.

If I can be of any further assistance please do not hesitate to contact me.

Yours faithfully

Paul Wilson
Principal Licensing Officer
