> Subject: Rotherham Council approval of CAB Safe Security Screens

>

> Dear Mr Ahktar,

>

> Thank you for the information you supplied to this authority on safety screens, the authority have viewed this information & decided on an individual vehicle basis to consider approval of the fitment of your screen.

>

> In order for you to be aware of who has been provided with prior approval this authority will write a letter to the applicant/vehicle owner confirming approval, please ask for this letter prior to fitting any screen to any vehicle licensed by Rotherham Metropolitan Borough Council.

>

> Each approval will be on condition that only your company or your companies approved fitters fit the screen you supply. And also on the basis that the screen will be correctly and appropriately maintained once fitted. Each vehicle licensed by this authority can be inspected up to 3 times per year depending on its age. The driver will be responsible for ensuring the screen is maintained and if it fails an inspection the driver will be responsible for any cost involved in bringing the screen up to a standard suitable to pass the vehicle inspection.

>

> This office will inform the approved testing company (Translinc) of your details and ask that you supply full details of the screen to the manager of the testing station should they be required to enable the inspectors to check safety of the screen during any inspection.

>

> On this occasion I enclose a copy of the approval letter issued to Mr M Khalil for his HC vehicle. I would be grateful if you could remind customers of there requirements to produce to this office the certificates you supply to show you have fitted a screen to their vehicle, these being the {CE} Certificate and the Installation Certificate.

>

> Many thanks

> Should you have any further enquiries please do not hesitate to contact any member of the licensing team for Rotherham Council.
